Basic information

| | |
|---------------------------|---|
| <i>Title</i> | Saint Lucia - National Crime Victimization Survey 2019 V5 |
| <i>Version identifier</i> | 2 |
| <i>Version notes</i> | <p>This questionnaire makes use of the categories listed in the International Classification of Crime for Statistical Purposes (ICCS) where the description of the criminal acts is based on behaviours and not on legal provisions. The ICCS is a methodological tool for the statistic classification of crimes, promoted by the United Nations Office on Drugs and Crime (UNODC). Saint Lucia National Crime Victimization Survey (SLNCVS 2019/2020) questionnaire is based on the Latin America and the Caribbean Crime Victimization Survey Initiative (LACSI). LACSI questionnaire is the result of six different consultation meetings of the Task Force on Crime Victimization Surveys for Latin America and the Caribbean. These meetings were financed by UNODC, the Center of Excellence in Statistical Information on Government, Crime, Victimization and Justice (CoE), the Inter-American Development Bank (IDB) and the United Nations Development Programme (UNDP). This questionnaire has been written and edited by UNODC and the CoE staff. For more information on the LACSI Initiative, see CoE webpage http://www.cdeunodc.inegi.org.mx/index.php/en-2/ in the Victimization Lab section. UNODC, through the CoE provided a full technical assistance to Saint Lucia for the implementation of the SLNCVS. These activities were carried out within the framework of the cooperation activities between UNDP and UNODC, through the CariSecure project.</p> |

STATIC TEXT

Finally, I would like to end the interview by asking your opinion regarding the use of firearms in Saint Lucia.

STATIC TEXT

I will ask you to think about five (5) households close to you in Saint Lucia, those ones that you know well and with which you have a close relationship. (It means that you regularly exchange points of view about everyday life, but they are not your relatives).

| | |
